2. Share your summary in buzz groups of twos and receive feedback from your partner.

Scenario

Participant: “I think the most valuable information we have learnt from this facilitation skills in SCCs is how to communicate with SCC members & how to encourage them to actively participate during discussions. We have learnt that as facilitators we don’t talk so much & dominate the conversation since our role is to enable all the SCC members to contribute their ideas.”

- quiet place, enough space for everyone’s comfort,
- sitting in circular or ‘horse shoes’ during meeting,
- no barriers i.e. big tables in the middle of participants,
- small table with white cloth in the middle to place candle, crucifix and Bible,
- ensure minimal noise and that everyone is comfortable,
- no elevation of any participant in a symbol of authority,
- communicate clearly beforehand, location of meeting venue.
